

Cut Costs. Not Access. **ATM Outsourcing**

***Reliable • Affordable • Compliant
Solutions for Financial Institutions***

Running ATM and ITMs is all about proper management. Some financial institutions work to run their ATMs themselves. Others juggle a group of vendors. But a growing number of banks and credit unions are turning to professional companies, like **CKE ATM Solutions**, to manage their ATM operations.

ATM Outsourcing Benefits:

- **Reduce Regulatory Burden**
- **Increase Security**
- **Lower Maintenance Costs**
- **Improve Performance & Functionality**
- **Consolidate Tasks & Free Up Staff**
- **Eliminate ATM Capital Expenses**

Save Time and Money.

Using our decades of ATM-focused expertise, **CKE ATM Solutions** manages and optimizes ATM operation - down to the smallest detail - to offer you industry leading service. Our managed services and outsourcing programs can help you repurpose staff to more profitable endeavors, increase uptime, reduce or eliminate ATM related capital expenses, and guard against compliance and security concerns.

The CKE ATM Difference.

One Vendor. One Phone Call.

With **CKE ATM Solutions** as your partner there is no need to manage multiple vendors. One phone call, one text or one email is all it takes – because we provide a complete turnkey solution to meet all your ATM and ITM needs.

Whether you are looking for a reliable **Managed Services** partner to operate your branch and off-premise ATMs or a complete **Outsourcing Solution** that will allow you to expand access and functionality, we have a program to meet your needs. Plus with our outsourcing program, we'll take the ATM network off your books – freeing up capital for more profitable endeavors.

Founded in 2013, CKE has relationships with all the leading manufacturers including NCR, Diebold Nixdorf and Hyosung, as well as multiple processors. Our experts have **Decades of Experience** with financial institution machines, giving us the ability to run ATMs and ITMs at the highest level possible and improve efficiently – with the same focus on user experience, availability and satisfaction.

Plus, our **Compliance Guarantee** ensures you stay compliant. And reconciliation is seamless, with built-in audit trails and a robust tracking system.
